Spring Term 1 2024-2025

Welcome back

Welcome back to an exciting and important New Year! We hope you all had a joyful and relaxing Christmas break. The children have returned brimming with energy, ready for another action-packed and inspiring half-term of learning. This half-term, we'll dive into fascinating topics such as WW2 where we will be exploring its historical significance, the power of propaganda, and comparisons across time. In Art, we'll channel our creativity into WW2 Pop Art, drawing inspiration from the bold style of Roy Lichtenstein. Science will take us on a journey through evolution and inheritance. With the fantastic progress the children have made so far this year, we're excited to keep building on their momentum. Here's to a half-term full of curiosity, creativity, and achievement!

Physical Education and Games

This half-term, we will now have a double PE session on a **Tuesday** afternoon. PE kits should be brought in on a **Monday** and will be sent home on **Friday** to be washed. As the weather is becoming colder, tracksuits bottoms and your child's school jumper are suitable for outdoor games. Appropriate footwear is essential. Please make sure children do not wear jewellery to school on these days and that they have a hair band/bobble to tie their hair back, for health and safety purposes.

Online Safety: Making Good Choices Online

As children increasingly use tablets, televisions and games at home, it's important to help them develop healthy screen habits. Through our computing curriculum, we focus is on **age-appropriate content and balance**.

At home, you can support this by:

- Checking age ratings for games, apps and TV programmes before your child accesses them.
- Using parental controls and child-friendly platforms wherever possible.
- Talking to your child about what they watch or play and encouraging them to tell an adult if something makes them feel unsure or uncomfortable.
- Keeping screen time balanced with reading, play and family time.

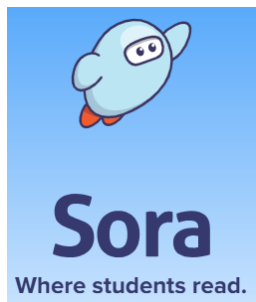

For further guidance, the BBC Own It website offers excellent, child-friendly advice:

Sora Online Library

Before Christmas, children were sent home with their **Sora login details**. Sora is an **online reading library** that gives children access to a wide range of texts, all in one place.

Using Sora, children can enjoy:

- Picture books and early readers
- Chapter books
- Magazines and comics
- Audiobooks (perfect for developing a love of stories and supporting comprehension)

Sora is designed to be used **together with an adult**, making it a great opportunity to share reading time at home. Children can explore new books, listen to stories being read aloud, and build confidence with reading in a fun and engaging way.

We strongly encourage families to make use of Sora alongside regular home reading. Time spent reading — whether independently, together, or through audiobooks — all supports vocabulary, comprehension and a lifelong love of books.

If you have any difficulties accessing Sora or need login details re-sent, please let us know.

Home Learning

Whilst homework can be an important tool in helping children with their learning, we realise that it needs to be purposeful and engaging. We are also mindful that, in secondary school, children will receive much more homework so we are beginning to prepare them for this. The home learning expectations in Year 6 are as follows:

- **Reading:** 3x weekly (minimum) - recorded in reading diaries.
- **Spellings:** learn 5 spelling words. These will be set by the teacher on Mondays and weekly tests on Fridays to check and address gaps.
- **Maths:** Weekly maths home learning will be set on **Monday** and should take around a total of 30 minutes to complete - breaking this down into shorter (5-10 minute) bursts may prove helpful! The learning is due the **following Monday** but can be handed in at any point during the week.

Boosters

Our before and after school booster sessions will be taking place again this term, but with a few changes to groups/timings. These are set up on **Arbor**; please log in to check if your child has been invited to a session and, if so, give permission for them to attend.

These sessions have proved to be extremely beneficial for the children involved so far, so please do let us know if there are any issues with days/timings that would mean your child will not be able to attend and we will do our very best to find a solution.

As always, your continued support is very much appreciated. If you do wish to discuss anything with us, please do contact the school office or arrange a meeting after school.

Yours faithfully,
